

Leadership Programs

Early Release Authorization

On rare occasions (usually due to weather) the Summit Leadership Programs may end class or take lunch at a different time than what is published. When and if this happens, we want to make sure there is a plan in place so that your sons and daughters get home safely.

If we break early for any reason:

___ We have your permission to release your son or daughter with no further communication from the Summit SnowSports School to you. And, you and your son or daughter have a plan of communication and a means to get home safely.

OR

___ We do not have your permission to release your son or daughter unless we have spoken with you or a person you have designated directly.
